

Molde - CAST IRON BIOETHANOL FIREPLACE

Molde is a freestanding bioethanol fireplace made of cast iron from ScandiFlames, inspired by traditional Scandinavian wood stoves featuring elegant iron carvings. The burner has a capacity of 1.5 liters, providing approximately 5 hours of burn time per refill, and it comes with adjustable flames that output up to 2.1 kW of heat. The decorative top with a handle can be removed for a more streamlined appearance, and a small cooking plate will be available, allowing you to heat a pot of tea or similar items, adding extra functionality. The fireplace requires no chimney or electrical connection, making installation easy and flexible.

TECHNICAL SPECIFICATIONS

Burner

Heat output (max)	2,1 kW
Capacity	1.5 Litres
Flue/chimney	Not Required
Remote control	No
Recommended air change rate	1
Burner type	1.5 Litros Premium
Flame length	15 cm
Minimum room size	40 m³
Requires electricity	No
Burn time	5 hours
Adjustable flame	Yes
Control	Manual
Fuel	Bioethanol
Usage	0.3 L/h

Type

	Extinguishing Tool
	Bioethanol Burner
	User guide
	Bracket
	Glass
Producttype	Bioethanol Stove
Brand	ScandiFlames
Flame view	Front
Use	Indoor
Warranty	2 years

Appearance

Materials	Cast Iron
